

Wilson County Schools Publication Waiver

I grant Wilson County Schools permission to take photographs and record videos of my student in educational settings during the school year for use on the school and/or district website; in the local newspaper; in printed documents; or on district, school and/or classroom social media pages. The photographs and/or videos will only be used to highlight the wonderful lessons, activities and events happening in schools.

I voluntarily relinquish all rights to the photograph and/or video. Further, I release Wilson County Schools, as well as other parties authorized by the district, to use the photograph or video from any liability for such use.
